INSTRUCTIONS FOR USE

Charging the speaker

The speaker has built-in rechargeable battery. When the battery is drained out, speaker would turn OFF automatically. Please recharge the battery every time it drains out.

Plug the Micro USB end of the included USB charging cable into the charging port. Plug the other end into a USB port on your computer or other devices made for USB charging. Red LED Light illuminates indicating that the device is being charged.

It takes 3 - 4 hours to fully charge the speaker. Once the speaker is fully charged, LED Light would turn OFF. It is recommended to fully charge the speaker before its first use.

Turning ON/OFF the Speaker -

Before Turning ON the speaker, please ensure that it is fully charged. Press and hold the ON/OFF button for 2-3 seconds to turn on/off the unit.

TWS function

It is possible to use two copies of this speaker, paired together, to benefit from a stereo sound.

To do this, turn on both speakers, then press the button on one of them once. The two speaker will connect to each other.

You can then pair your device with the stereo unit by following the procedure below. Ensure that both speakers are spaced less than 10 meters.

Connect using Bluetooth Technology

- Press and hold the ON/OFF button to for 2-3 seconds to turn on the unit. You would hear an indication tone, and blue LED flashes rapidly indicating that you are now in Bluetooth Pairing Mode.
- Activate the Bluetooth function on your source device (Mobile Phone or Tablet). Please refer to manufacturer's instructions for instructions on enabling Bluetooth on your device.

VT-6211

V-TAC®

Bluetooth®

- Search for available Bluetooth devices and you would find "SKU-7724" - Pair it with this device.
- If required, enter the password "0000" to pair with the device.

- Once paired successfully, you will hear another indication tone, and blue LED will stay on.
- You can now stream wireless music on your speaker through your source device.

Talking using the Bluetooth Speaker

Please ensure that your cell phone is paired with the Bluetooth Speaker to use the below functions.

Function	Operation	Button
Answer Incoming Call	Incoming Call	Press the Phone button once to answer an incoming call.
End Call	Incoming Call	After your phone conversation, short press the Phone button
Volume Increase	During a call	Long press on the + button will increase the volume
Volume Decrease	During a call	Long press on the - button will decrease the volume
Redial last number	Standby mode and connected to a device	Short press the Phone button twice

Listening to Music Wirelessly

Please ensure that your device (iPhone, Tablet or Other Smart Phone) is paired with the Bluetooth Speaker to stream music wirelessly. Once it is paired, play music from your device.

Care and maintenance

Read the following recommendations before using the Bluetooth Speaker. Following these you will be able to enjoy the product for many years.

- Don't expose the unit to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Don't use abrasive cleaning solvents to clean the unit.
- Don't expose the unit to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the unit in fire as it will result in an explosion.
- Don't expose the unit to contact with sharp objects as this will cause scratches and damage.
- Don't let the unit fall down onto the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the unit as it may get damaged if you are not professional.
